# PUSHPALATA VIDYA MANDIR

Pushpalata Vidya Mandir Senior Secondary School is a proud member of Pushpalata Education Centre, a highly acclaimed non-profitable company in existence for over three decades. Pushpalata Education Centre was founded by the eminent lawyer Sri. Palai N. Shanmugham and Dr. S. Maragathavalli in the year 1986.

Pushpalata Vidya Mandir Senior Secondary School is affiliated to the CBSE, Central Board of Secondary Education, New Delhi. Established in 2008, the school has blossomed into a Senior Secondary School.

Our aim is to create a wholesome environment and impart education that includes life-skills and rich and exciting curriculum to facilitate children to blossom into confident individuals. With a strong academic base, we also focus on the all-round development through a balanced programme.

Our methodology helps children to experience, reflect, analyse and learn. This holistic approach makes education meaningful and promotes understanding. Specific care is given to each child depending on individual need. Our school is committed to provide quality education to students from KG to Std. XII.

MAKING  
EDUCATION  
MORE  
EFFECTIVE &  
ENGAGING

## VISION

Our school's aim is to prepare children for a rapidly changing world by equipping them with critical thinking skills, global perspective and respect for core values of honesty, loyalty and compassion. Developing these skills, the students will have success for today and be prepared for tomorrow.

## MISSION

Our mission is to impart a high standard of education for creative minds with a sense of understanding and compassion for others, inculcating discipline, leadership qualities, religious tolerance and patriotism.

# A TRADITION OF EXCELLENCE

Our objective is to encourage the students to extend their outlook beyond the realms of the text book. Foundations in reading, creative writing, Science and Maths are strengthened in a caring and supportive environment, wherein the learning process is made positive and more meaningful. At the primary level, there is greater emphasis on activity based curriculum where students are taught the essential concepts of various subjects through hands on activities. The focus is on the development of the positive attitudes and healthy habits among students. Our aim is to expose the child to an exciting and wonderful world of learning. Children are encouraged to develop cognitive and motor skills by stimulating their curiosity and imagination. The school recognises that a firm foundation at this level will help the child progress through succeeding early stages with relative ease and confidence to become exemplary achievers in life.

## PREPARING FOR DISTINCTION

The Central Board of Secondary Education (CBSE), New Delhi functions under the Ministry of Human Resources Development, Government of India. It is recognised as the most popular and practical educational system in India. The fact that the CBSE curriculum dovetails perfectly to professional courses contributes greatly to its popularity. The syllabus provides students with opportunities to gain access to reputed colleges and universities worldwide. Being internationally recognised, the board has innovative teaching and learning methodologies. Devising student-friendly and student-centred paradigms, introducing reforms in exams and evaluation processes, CBSE makes learning a joyful experience.

# KINDERGARTEN

Kindergarten is a joyful journey of exploration and self-discovery. It is also the first time the child leaves the comfort of home. Kindergarten classes provide emotionally safe place, boost the child's self-esteem, foster independence and thinking, leading to the holistic development. Thinkrooms of Chrysalis, interactive play-based method, safe and clean play space, individual and group activities, celebrations and learning ambience enhance the shaping and nurturing of the tender minds. In addition, the well-equipped Montessori Lab caters to the sensory learning of the kids and helps the buds to bloom into confident individuals.

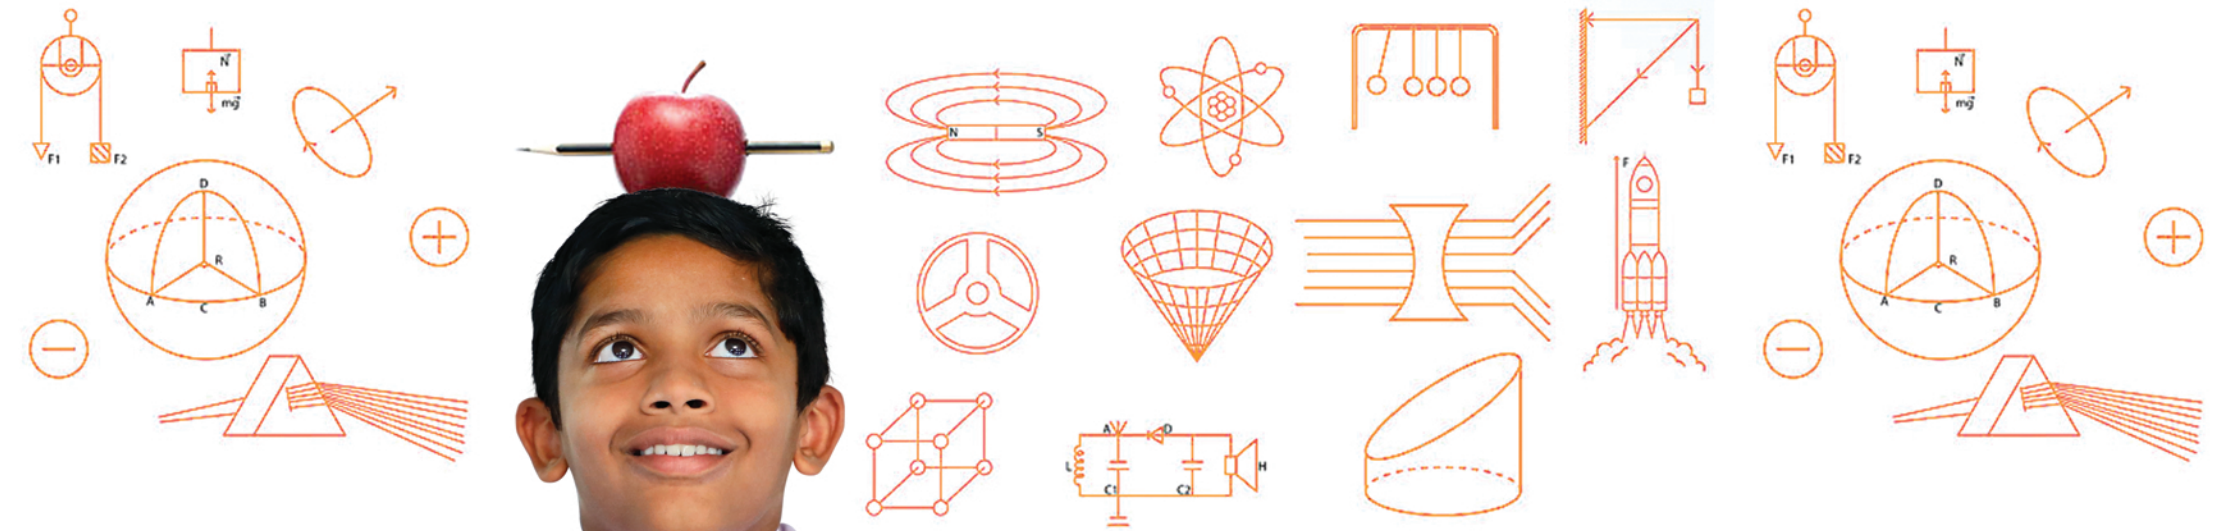

# ENGAGED SKILL - BASED LEARNING

The school's curriculum has a student-centred approach, whereby children are involved in the learning process. Teachers ignite curiosity and desire to learn rather than routinely push ideas. We follow a methodology that turns learning into a combination of classroom study, fun, interest and experience.

# HEALTH AND PHYSICAL EDUCATION

Apart from academics, Physical fitness is given importance in the campus. Every PT period is effectively utilised, as stated mandatory by the CBSE. Tennis court, basket ball court and swimming pool in the campus provide apt platform for the sportsmen. Professional training in other games such as volleyball, foot ball, throw ball and cricket are provided. A new generation of healthier and fitter children are evloved, equipped with life-skills, with the help of scientifically designed, structured programme, age appropriate curriculum, props and equipment. Yoga classes ensure each child's mental and physical health. Runner's Club functions effectively in order that the participants acquire a sound mind and body through exercises done early in the morning.

## ENGLISH LANGUAGE TEACHING (ELT)

Much attention is paid to English Language Teaching and the children's conversational skills, which are made effective through Phonics, Language Lab activities and Spoken English classes in the campus. At the primary level, children learn to hear, identify, and manipulate phonemes through multi-sensory approach. The activities in the Language Lab assist children improve their existing knowledge on pronunciation, stress and intonation. They also sustain their language skills as they utilise the spoken English classes.

## LIBRARY

The school library has a quality collection of 18775 (12775+6000) books such as encyclopedias, reference books, journals and story-books which invite children to enchanting lands, glean world-class references and enrich their knowledge base through hands on material.

## ENRICHED MATHS CURRICULUM

The Math learning is made easy through Mathlab activities to enable children to have hands on conceptual learning. Online tests help analyse their strengths and weaknesses in concepts so that they can convert weakness into strength. Talent exams help reinforce logical reasoning skills and provide exposure to the problem solving skills. Vedic Maths workshops serve to inculcate the arithmetic skills and to help bring children with aversion for Maths closer to the subject through Recreational Mathematics.

## LABORATORIES

Fully equipped Physics, Chemistry, Biology, Computer Science Labs cater to the needs of our senior secondary level students. Experimentation in the Junior Science Lab, helps children understand concepts that are abstract in nature and systematic practical classes facilitate them to learn better. Junior Computer Lab helps young learners become computer savvy so that they can meet the technology challenges of today as well as the future. The Language Lab facilitates students to excel in English speaking by practising sound and word-patterns individually with the aid of exclusively designed modules.

## SMART CLASSROOMS

**INTERACTIVE WHITE BOARDS** have made all of our classrooms, smart classes. Digital Integrated Classroom solutions connected to a server in the campus provide technology-based learning platform to our children. The vast repository of curriculum - based digital content developed and aggregated by **Educomp**, **Extramarks** and **HCL** is made available to teachers for use.

## DREAM CAREER

Intense training for competitive examinations or Engineering and Medical entrance examinations for students is provided and it has consistently produced top rankers in many competitive examinations in the country such as IIT-JEE, AIEE, NEET and National and International Olympiads, ultimately helping many of our children to be placed in the premier institutions all over India and the world.

# FUTURE 50 SCHOOLS SHAPING SUCCESS AWARD

Pushpalata Vidya Mandir has been the recipient of Future 50 Schools Shaping Success Award for the year 2017. This is a prestigious award acclaiming the school to be one of the top 50 schools in India. After being measured on the yardsticks of student career planning and the subsequent results garnered for the future of her students, has been recognised as the change-maker, the trend-setter and the innovator. Fortune India and Univariety, together has taken the initiative to identify and honour the school.

Pushpalata Vidya Mandir has been the proud recipient of The **British Council International School Award (ISA)** for the second time for the period 2016-2019. It is a benchmarking scheme that accredits schools as having an outstanding level of support for nurturing global citizenship in young people by preparing them for the future.

Pushpalata Educational Centre has also been bestowed the **ASSOCHAM** Awards of excellence in the field of Education 2015. It is an evidence of the Institution's exceptional stand in terms of innovation, scalability, ability to overcome challenges, achievements and impact potential.

**CHINMAYA VISION PROGRAMME (CVP)** is a comprehensive educational programme for schools which integrates the best in our culture and philosophy of education. It aims at giving children a true vision of life to help them face challenges positively and dynamically and contribute heartily to society. CVP has enabled our school to have a unique perspective of education by nurturing values and inculcating a sense of patriotism and pride in our culture. Laying emphasis on character development and developing a universal outlook, CVP paves way for the integrated development of their personality.

Robotics is taught through hands-on approaches and STEM activities. The STEM approach to education is designed to revolutionise the teaching of Science and Mathematics by incorporating technology and engineering into the regular curriculum and to involve kids in real-world applications. The fun-filled practical applications bring excitement to the learning process and awaken curious scientist in each kid.
