PUSHPALATA Vidya mandir

SENIOR SECONDARY SCHOOL

Pushpalata Vidya Mandir is a prominent member of Pushpalata Institutions, founded by the eminent lawyer, Mr. Palai N. Shanmugam and his wife, Dr. Mrs. Maragathavalli – a reputed gynaecologist, in the year 1986.

Pushpalata Vidya Mandir came into existence in the year 2008 with the strength of 240 children. The school has made great strides in the past 16 years since its inception. Mrs. Pushpalata Pooranan, the Correspondent and Founder, has impeccably led the institution towards excellence, with the motto WE CARE.

The school takes excessive interest in the students' spiritual and moral self, exposing them to a number of activities that help them know their roles in school, family and society and shapes them as responsible citizens of this country.

A TRADITION OF EXCELLENCE

O U R O B J E C T I V E

Our objective is to encourage the students to extend their outlook beyond the realms of the text book. Foundations in reading, creative writing, Science and Maths are strengthened in a caring and supportive environment, wherein the learning process is made positive and more meaningful. At the primary level, there is greater emphasis on activity-based curriculum where students are taught the essential concepts of various subjects through hands on activities. The focus is on the development of positive attitude and healthy habits among students. Our aim is to expose the child to an exciting and wonderful world of learning. Children are encouraged to develop cognitive and motor skills by stimulating their curiosity and imagination. The school recognises that a firm foundation at this level will help the child progress through succeeding stages with relative ease and confidence to become exemplary achievers in life.

Vision

Our school aims to prepare children for a rapidly changing world by equipping them with critical thinking skills, global perspective and respect for core values of honesty, loyalty and compassion. Developing these skills, the students will have success for today and be prepared for tomorrow.

Mission

Our mission is to impart a high standard of education for creative minds with a sense of understanding and compassion for others, inculcating discipline, leadership qualities, religious tolerance and patriotism.

METHODOLOGY

The school's curriculum has a student-centered approach, whereby children grow to be life-long learners. The institution has evolved a methodology that turns learning into a combination of exploration, interaction, association, and ingenuity. Children develop their critical thinking skills - problem solving, decision making, questioning, planning, evaluating ideas, organising information and creating objects. Teachers ignite curiosity and enhance the children's ability to learn rather than routinely force ideas, thus creating a generation, responsible for their learning with a spirit of enquiry.

PREPARING FOR DISTINCTION

CENTRAL BOARD OF SECONDARY EDUCATION

The Central Board of Secondary Education (CBSE), New Delhi, functions under the Ministry of Human Resources Development, Government of India. It is recognised as the most popular and practical educational system in India. The fact that the CBSE curriculum dovetails perfectly to professional courses contributes greatly to its popularity. The syllabus provides students with opportunities to gain access to reputed colleges and universities worldwide. Being internationally recognised, the Board has innovative teaching and learning methodologies. Devising student-friendly and student-centered paradigms, introducing reforms in exams and evaluation processes, CBSE makes learning a joyful experience.

DREAM CAREER

Our institution provides consistent and comprehensive academic training and equips children appropriately that they are also able to crack competitive examinations or Engineering and Medical entrance examinations for students. This has invariably produced top rankers in many competitive examinations in the country such as JEE, NEET, NTSE, KVPY, CA CPT and National level Olympiads. The senior secondary scholars have outstanding opportunities to attend career guidance and counselling programmes offered in the campus that give them information on various prospective courses available for each stream, the best colleges to opt for and the qualifying examinations to be taken up to secure seats in premium institutes. Such exposure has eventually helped many of our alumni be placed in premier institutions all over India and the world.

KINDERGARTEN

Kindergarten is a joyful journey of exploration and self-discovery. It is also the first time the child leaves the comfort of home. Kindergarten classes provide emotionally safe and clean place, boost the child's self-esteem, foster independence and thinking, leading to the holistic development for every toddler. Our curriculum includes interactive play-based method, individual and group activities, observations, celebrations in exemplary learning ambience which enhance the shaping and nurturing of the tender minds. Here, kids learn basic English, Maths, Science concepts with emphasis on reading through phonics and sensory learning.

SMART CLASSROOMS

Interactive White Boards have made all of our classrooms, smart classes. This revolutionised classroom setting puts everything at fingertips, and time in class is spent more productively. The smart board provides teachers advanced facilities to teach abstract concepts more vividly and allows students to learn with deeper understanding.

AMPHITHEATRE

Ahayam, an amphitheatre, is an open-air space utilised both for scholastic and co-scholastic engagement. Be it, outdoor staging of students' theatrical performances, assembly presentations, discussions and performing arts, it offers the perfect back-drop. Its apt setting provides the finest eco-friendly ambience for the performers and the audience alike.

LIBRARY

The school library has a quality collection of about 30,000 books such as encyclopaedias, reference books, journals and story-books which invite children to enchanting lands, glean world-class references and enrich their knowledge base through hands-on material. The library has always catered to the specific needs of the elementary, primary, secondary and senior secondary students and staff alike.

LABORATORIES

Fully equipped Physics, Chemistry, Biology and Computer Science Labs cater to the empirical needs of our senior secondary students, augmenting their learning by understanding the theoretical concepts of Science. Experimentation in the Junior Science Lab helps children understand concepts that are abstract in nature and systematic practical classes facilitate them to learn better. Junior Computer Lab helps young learners become computer savvy so that they can meet the technological challenges of today, transforming them into digital literates.

CONCEPTUAL LEARNING

Pushpalata Vidya Mandir has partnered with Atal Innovation Mission under NITI Aayog (The Government of India). It is a revolutionary initiative under Atal Tinkering Laboratories (ATL) that shapes our curious and creative students into neoteric innovators. The curriculum focuses on concepts, ranging from basic electronics, mechanics and data visualisation, to more advanced technologies such as 3D printing, the Internet of Things, and Design Thinking, thus encouraging students to identify and design creative solutions to everyday problems.

Science, Technology, Engineering and Mathematics (STEM) are at the heart of technological revolution which is transforming the way we live and work. Integrating STEM learning into the school curriculum offers students opportunities to experiment, use their creativity and more importantly, learn to attempt again. It also enables them to work in groups, leading to innovation, designing and making, testing and modifying solutions of complex problems.

COMPUTATIONAL THINKING AND CODING

Computational thinking and Coding empower students with skills such as creativity, problem solving and analysing and application of their learning for core subject matter curricula. The concept is taught from scratch to an advanced level through a digital technological course. Pushpalata Vidya Mandir targets children to code with logical and design thinking to structure problems themselves and devise methods to solve them easily.

Chinmaya Vision Program

Chinmaya Vision Programme is a comprehensive educational programme for schools which aims at giving children a true vision of life to help them face challenges positively and dynamically and contribute heartily to the society. CVP has enabled our school to have a unique perspective of education by nurturing values and inculcating a sense of patriotism, citizenship and pride in our culture.

THE HEARTFULLNESS WAY SCHOOL CONNECT

The Heartfulness Way School Connect is a part of our curriculum for grades 6 to 8, designed to assist students in their physical and mental growth and to develop life skills that enhance emotional and social intelligence. Simple lessons with engaging stories, stimulating in-house and out-of-campus activities and exciting games help students nurture their inner potential, gain confidence and balance. The scientific practice of Heartfulness Relaxation calms the minds of the children; consequently, allowing them to grasp concepts with ease.

ENRICHED **MATH** CURRICULUM

Step-by-step approach, real-time feedback, differentiated instruction, visual aids and interactive learning are methods of instructing Mathematics in Pushpalata Vidya Mandir. Math learning is made easy through Math-lab activities to provide children hands-on conceptual learning using resources and manipulatives that initiate interactive, participatory, and joyful learning at the primary level. It strengthens learning of advanced mathematical concepts through concrete materials and practical expertise, relating classroom learning to real life situations. It weans children from rote and mechanical learning. Talent exams help reinforce logical reasoning and expose children to problem solving skills too.

ENGLISH Language Teaching (ELT)

Much attention is paid to English Language Teaching and the children's conversational skills, made effective through phonics and language lab activities. At the primary level, children learn to listen, identify, and manipulate phonemes through multi-sensory approach. The activities in the language lab assist children improve their communication and expand their knowledge on pronunciation, stress and intonation. Language skills, consciously yoked into the regular English programme, help students stay poised in competitive exams and creative writing competitions.

THEATRE IN EDUCATION (TIE)

The TIE programme, is a part of the school curriculum. Students learn to transform simple stories into brilliant scripts and perform the same, exposing the underlying values. Students are equipped with skills such as critical thinking, writing, public speaking, performance and team work, using drama as a learning tool. The relevance and real-life scenarios make an impact, expand their self-esteem and maximise learning.

PUSHPALATA READING & WRITING Programmes (PRP, PWP)

Pushpalata Reading Programme is a distinctly designed programme for the primary and middle school levels. With an extended Reading Room, children read books on selected themes. This is enhanced by narration of stories by mentors, classroom reading of selected books and activities conducted based on the books read. Pushpalata Writing Programme, otherwise called 'Write Right', is designed to develop not only children's ability to compose comprehensive answers but also to unleash their imagination through creative writing.

Awards & Recognitions

Pushpalata Vidya Mandir has been the proud recipient of The British Council International School Award (ISA) 2012-'15, 2016-'19 and International Dimensions in Schools Certificate (IDS) 2021-'24 by the British Council. It is a benchmarking scheme that accredits PVM as having an outstanding level of support for nurturing global citizenship in young people by preparing them for the future.

Pushpalata Educational Centre has been bestowed the ASSOCHAM Awards of excellence in the field of Education 2015. It is an evidence of the institution's exceptional stand in terms of innovation, scalability, ability to overcome challenges, achievements and potential to create an impact.

Pushpalata Educational Centre was honoured with the IMCRBNQA (Indian Merchant's Chambers Ramakrishna Bajaj National Quality Award) 2016 - Certificate of Merit in the Educational Category – a testament of the impact the school has made in uplifting lives by providing quality education.

Pushpalata Vidya Mandir has been the recipient of the prestigious Future 50 Schools Shaping Success Award for the year 2017 by Fortune India and Univariety, being identified and acclaimed as one of the top 50 schools in India. PVM has been recognised as the change-maker, the trend-setter and the innovator.

Pushpalata Vidya Mandir was conferred with the Global Innovative School Awards (GISA) 2019 for the Scale of Impact in STEM, by BITS Pilani, Dubai Campus, in association with PHYZOK. The school was evaluated purely on the basis of Scale of Impact, Brand Equity and Innovations in listed categories.

Pushpalata Vidya Mandir has been awarded Ananda Vikatan's the Best CBSE School Award in Tirunelveli, at the Wisdom Awards 2022. PVM has attained excellence in education and has been identified to possess lofty intent, sincere effort, and intelligent execution as its salient traits.

Pushpalata Vidya Mandir was awarded one of India's most prestigious quality awards, the IMC RBNQ Performance Excellence Trophy 2023, under Education category. The school was recognised as a premier CBSE institution, functioning on integrated quality systems with right intention, sincere efforts, and consistent execution.

Pushpalata Vidya Mandir was honoured with the Tamilnadu Green Champion Award 2023-'24, certified by the Tamil Nadu Pollution Control Board. PVM earns this prestigious recognition for consciously instilling environment sensitivity and engaging students in the field of environmental protection and awareness.

HEALTH & PHYSICAL EDUCATION

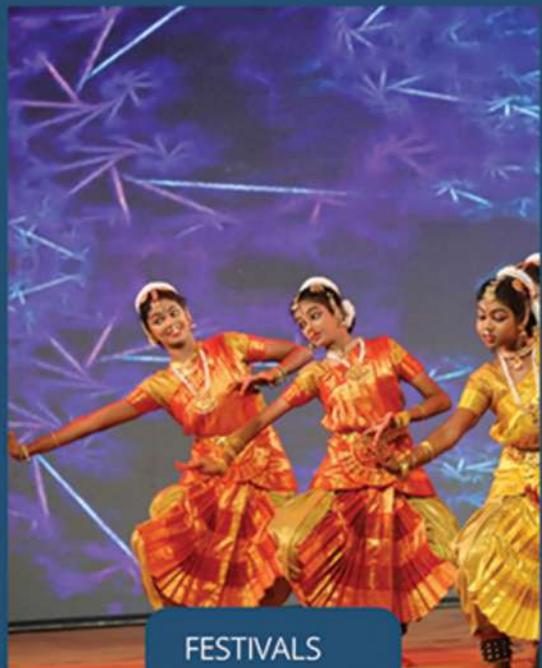

Pushpalata Vidya Mandir is recognised for the multifaceted development of the young scholars and the utmost satisfaction of the stake holders. Health and physical fitness receive due importance in the campus along with academics.

Every PT period is effectively utilised. The physical training in the campus aims at making sports an integral part of the education by using a Structured Sports and Physical Education curriculum.

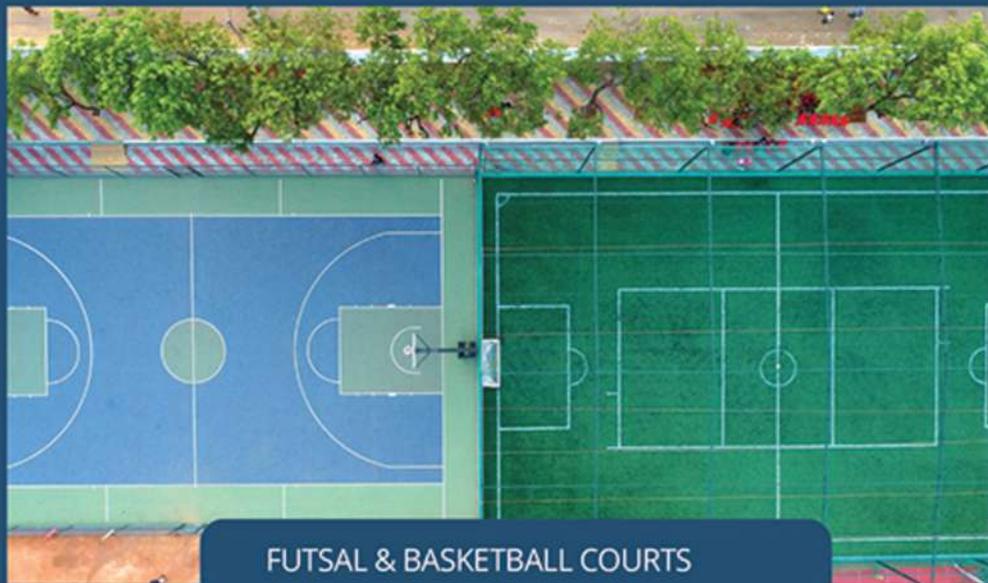

To ensure the emotional and physical well-being of the young aspirants, sports activities like inter-school sports competitions and swimming contests are arranged at least twice a year and students are encouraged to participate in such activities. The children are trained in fitness activities such as exercise, yoga, meditation, cycling, dance, martial arts, and the like on a regular basis. The Futsal, the synthetic Basket Ball courts, the Tennis courts and the swimming pool augment children's physical development exponentially.

Thus, the school campus provides apt platform, scientifically designed structured programmes, age-appropriate curriculum, ethics, props and equipment for a new generation of smarter, healthier, and fitter children.
